

## Louisiana Medicaid's Breast and Cervical Cancer Program

The Breast and Cervical Cancer Program provides **full Medicaid coverage** to women who have been **screened and** are in need of **treatment** for breast or cervical cancer, or a pre-cancerous condition.

**The screening must be done through the Centers for Disease Control (CDC) National Breast and Cervical Cancer Early Detection Program.**

LSU Health Sciences Center (LSU-HSC) manages this program.

### Who may apply?

Women who are:

- ✓ U. S. Citizens,
- ✓ Qualified Aliens,
- ✓ Under 65 years old,
- ✓ Uninsured, and
- ✓ Screened **and** found to need treatment for either breast or cervical cancer, or a pre-cancerous condition.

### How do you apply?

To begin the screening process, you **must** call the LSU Health Sciences Center (LSU-HSC) Breast and Cervical Health Program toll free at **1-888-599-1073**.

LSU-HSC will refer you to a medical provider to get a medical screening. If breast or cervical cancer is diagnosed, the provider will help you fill out a Medicaid application. They will send the application to your local Medicaid office to see if you qualify.

### What are the income guidelines to qualify?

The CDC requires that your household income be less than 250% of the Federal Poverty Income Guidelines (FPIG) to receive the required screening. To see amounts, visit online at <http://labchp.lsuhscc.edu>.

### What services are covered?

The program provides **full Medicaid coverage** like doctor and hospital visits, lab work, and prescriptions.

### How long can you keep this coverage?

Coverage may begin up to 3 months before the month you apply for Medicaid. Coverage continues until your course of treatment ends or you no longer meet the requirements of this program.

### Will this program pay the medical bills you have now?

You may qualify to be paid back for medical services you received **up to 3 months before you applied** if:

- ✓ you would have qualified when the service was received, and
- ✓ you used a Medicaid provider, and
- ✓ the service is covered by the Medicaid program.
